

Science and The Bible

The Creation

The Book of Genesis

- Written by Moses thousands of years after the fact.

- Moses had no scientific knowledge

The First Day

- Genesis 1:1-5

What does science say?

- Earth was a gathering of blazing vapors that had no form.
- Earth's temperature was 4000F
- Why was the earth dark?

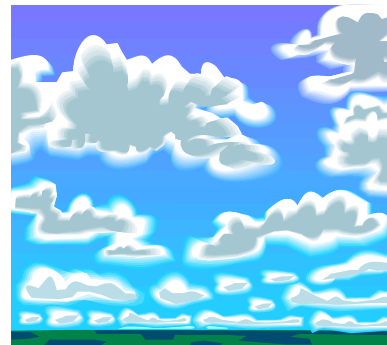

The Second Day

- Genesis 1:6-8

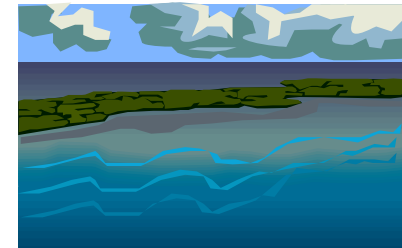

What does Science say?

- What is firmament?

The Third Day

- Genesis 1:9-13

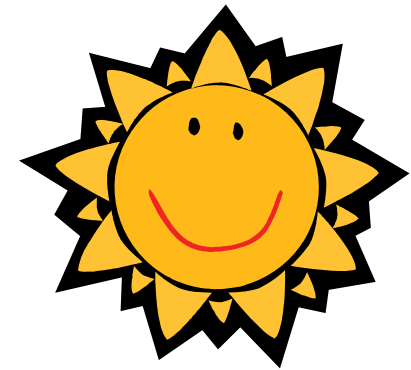

What does science say?

- The waters gathered in one place and land gathered in one place?
- Why plants at this stage?

The Fourth Day

- Genesis 1:14-19

What does science say?

- Wasn't the sun already created on the first day?
- Wasn't the moon created on the first day?

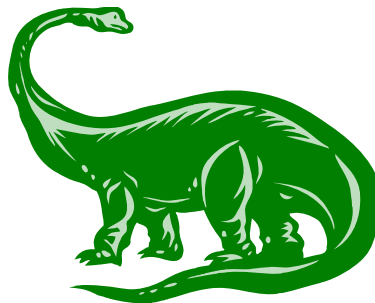

The Fifth Day

- Genesis 1:20-23

What does science say?

- What are swarms?
- What are the great sea creatures?

The Sixth Day

- Genesis 1:24-31

Man is Created!
